Step 4. Click here to access the BioPass mobile web console (Add accounts for autofill)

 BioPass : Simple and Secure Password Manager

4.1 Click on 'Step 2...'

Accessibility Service Usage

This app, BioPass, uses the AccessibilityService API to autofill passwords and login information securely. This feature allows BioPass to enhance your user experience by automatically filling in your credentials, reducing the time and effort required to log in to your accounts. Please grant this permission to continue using the autofill functionality of BioPass.

1. I understand and accept

2.

Please ensure the buttons above are green, indicating that the function is enabled.

Step 4. Click here to access the BioPass mobile web console (Add accounts for autofill)

 BioPass : Simple and Secure Password Manager

4.2 Check the box and click 'I Understand'.

9	Using Yahoo Mail for Demonstration		9.1 Download 'Yahoo Mail' from the Google Play Store.
			9.2 Click on 'Sign in with Yahoo'.
			9.3 Click on 'Username, email or mobile'.

		 <p>The screenshot shows the Yahoo Mail sign-in interface. At the top is the 'yahoo!' logo. Below it, the text reads 'Sign in to Yahoo Mail' and 'Sign in using your Yahoo account'. A text input field contains 'test@yahoo.com'. A BioPass dialog box is displayed, showing a lock icon and the text 'Option 1: test@yahoo.com'. Below the dialog box is a link for 'Forgotten username?'. At the bottom, there is a mobile keyboard with numbers 1 through 0.</p>	<p>9.4 If you only have 1 Yahoo Mail account, BioPass will pop up a dialog box and automatically fill in your username or password.</p>
